

Education Support Service

Down Syndrome Victoria is committed to ensuring that schools supporting students with diverse needs and learning styles have access to strategies, resources and support.

What is the Education Support Service?

**2013 recipient National Disability Award:
"Excellence in Improving Education Outcomes"**

The Down Syndrome Victoria (DSV) Education Support Service is the only Visiting Teacher Service available for students with an intellectual disability in Victoria.

Why engage the Education Support Service?

Inclusive educational environments facilitate a better quality education for all children, and are instrumental in changing discriminatory attitudes.

The Education Support Service provides specialist information that will assist your school to deliver appropriate pedagogy and curriculum to students with Down syndrome. The Education Support Service will contribute to the strengthening of partnerships between the parents of children with Down syndrome and their school community.

What supports will you receive?

- Demonstration teaching
- Sourcing of specialist resources
